EXPERT LEATHER TOOL

- 1. Copy the pattern (PART A) to any sand paper you like*
- 2. Copy the pattern (PART B) to a strong tape or any material strong enough for holding both sides of sand paper*
- 3. Cut out the shapes (Both PART A and PART B)*
- 4. Glue PART A with area indicated in the pattern, Glue PART B by instruction (may not need to glue if you use very strong tape with strong adhesiveness)*
- 5. Overlay PART A glued area with PART B and form a loop*
- 6. Wait until the glue is dried and strong*
- 7. Install it on your sand block =)
(modify the length based on your sand paper)*
